42.	4x100 m	freestyle	women	timed finals

The start times and order of competition may change due to television broadcasts and will be communicated in a timely manner!

Registration, participation, and eligibility: According to WKBSW, athletes born in 2013 and before are eligible to participate in the Austrian National Championships. Active athletes aged 13-16 may participate in a maximum of 8 individual competitions; younger athletes are not permitted to participate. All participants registered for an OSV member club must be properly registered in accordance with WKBSW. This also means that all documents relating to the active athletes must be uploaded to the OSV online system by the registration deadline.

By submitting their registration, non-Austrian clubs declare that they belong to a national member federation of AQUA and that all registered athletes are eligible to compete for the club. An international competition permit in accordance with the requirements of their national federation must be presented upon request.

By submitting their entries, the clubs declare that the swimmers they have entered can provide proof of their fitness to participate in the sport and that the examination was carried out no more than 12 months prior to the entry deadline.

The competitions will be held in accordance with the competition rules of AQUA and the OSV.

The seeding of the swimmers in the preliminaries and timed finals will be set according to the best times in accordance with the WKBSW of the OSV. The eight fastest swimmers from the preliminaries of each competition are eligible to participate in the finals. The seeding will be set in accordance with the WKBSW of the OSV.

In events with preliminaries, B finals will be held in addition to the finals with the 9th to 16th fastest swimmers from the heats.

A maximum of two non-Austrian participants may take part in each A- and B-final.

When submitting the relay team registration, the clubs must indicate the entry time, which corresponds to the sum of the athletes' split times. These times must have been achieved within the 18 months prior to the registration deadline (split times are permitted). The relay teams are ranked according to the registrations received and placed in time trials. Only one relay team per club is eligible to start.

The three fastest Austrians in the A final will receive medals if they achieve the required qualifying times. The winner of the international competition will receive an award.

If the qualifying times are not achieved in the last 18 months before the registration deadline or during the competition, if registrations are not complied with, or if a withdrawal from the final is not announced within the deadline, a penalty fee will be imposed in accordance with the WKBSW.

Entries: Must be submitted in accordance with the WKBSW of the OSV (please refer to the AWKB of the OSV). Entry times are automatically determined from the OSV's online ranking system. Only times achieved in a long course competition within the last 18 months prior to the entry deadline will be considered. Members of a foreign club belonging to AQUA must submit their registration times in accordance with the above-mentioned period. If this is not done or if incorrect registration times are submitted, these registrations will be rejected. (times must be registered in swimrankings.net)

Registration deadline: **Wednesday, May 27, 2026, 8:00 p.m.**

Late registrations will not be accepted under any circumstances!

After the registration deadline, a confirmation of registration will be sent out. This must be checked immediately, and any errors must be reported to the registration address by Thursday, May 28, 2026, 8:00 p.m. Corrections received after this time will not be considered without exception.

Registration address: Austrian Swimming Federation meldungen@schwimmverband.at

Entry fee: €	per individual competition	€ 7.50
	per relay competition	€ 14

The entry fee must be transferred upon receipt of the invoice. Any penalties for failing to meet the qualifying time and/or failing to provide referees will also be charged on the invoice after the competition.

Penalty fee: According to the WKBSW of the OSV, a penalty fee amounting to five times the entry fee will be charged if a swimmer fails to meet the qualifying time specified for the competition and cannot provide proof of the qualifying time on a 50m course within the specified qualification period. Proof of the qualifying time is determined from the OSV's ranking list system (or from swimrankings.net for foreign swimmers).

Notification of club representative: When submitting the entry, each club must submit its official club representative for this competition to the registration address.

Doping controls: We would like to point out that doping controls may be carried out during the event. The relevant regulations of the NADA (National Anti-Doping Agency) must be observed.

Photos/film recordings: It is expressly pointed out that photos and film recordings will be made during the event by persons accredited by the OSV and that these will also be used in the media. By submitting their entries, the clubs agree to the production and publication of photo and film material.

Vienna, November 03, 2025 (Update: Mai 13th, 2026)
AUSTRIAN SWIMMING ASSOCIATION

Severin Kukla, e.h.
OSV swimming chairperson

Jakub Malý, e.h.
OSV interim sports director
